TERM 4

14 NOVEMBER 2019

Newsletter

The Grade 1/2 sleepover and activity night was a massive success. The students had a great time and enjoyed the activities organised by the teachers. Despite the heavy rain on the metal roof most of the children got some sleep during the night and the teachers reported that they were very well behaved. Thank you to our amazing 1/2 teaching team for organising the event and we are very grateful for all the help we received from our parents.

Mrs Hodges is continuing to work with the students to prepare them for the Term 4 **'Christmas Concert' that will be held on December 6th**. The students will all be provided with the opportunity to perform a Christmas song or short play. We are looking forward this exciting performance. The students are getting very excited about the concert and we hope all our families are able to attend.

The 2019 Northern Peninsula Digitech Conference was a high quality learning experience for all the

students who attended. This year we had 25 schools attending with over 200 students participating in workshops and presenting the work they do at school. We have received lots of positive feedback about this event and it has opened up connections between school and community partners to assist children with developing their ICT skills.

Over the coming weeks we begin our series of 'Up Sessions' to support students with transition from grade to grade. On the 21st of November, students will start to participate in transition sessions at all grade levels. The students will be involved in four 'Up Sessions' that will enable them to prepare for the year ahead. This also allows teachers to observe how children work together and what support or extension they may need to provide. It should be noted, that the groupings for these sessions is not an indication of the class your child will be in the following year. **As previously communicated earlier in the term, parents' with genuine considerations about their child's learning, can put these in writing to me by this Friday 15th November.** Please remember that while we will consider these requests the process of placing students in grades is a very long and comprehensive process and the needs of the whole school will be taken into account. All requests should be limited to the specific learning needs of your child.

We are holding a Working Bee on Friday the 29th November between 3:30-5:30pm to tidy up around the school leading in to the end of year. The Buildings and Grounds Committee have devised a list of jobs that we would like to complete. If you are able to volunteer some time we would love your support.

Working Bee List:

-Spread mulch at back of prep building

-Spread soft fall mulch on log jam playground, 1/2 playground and

senior playground
-Clear pathways at front of school and around playgrounds
-Repair seats around the playground
-Remove graffiti
-Spread soft fall mulch around goal posts
-Remove stones from basketball court
-Weeding in wetlands
-General tidy up of Rum B Run

We understand that some families will be unable to attend due to various Friday night commitments. If this time does not suit you but you are available at other times we would be very grateful for your support.

Our 'Innovations Evening' was a lot of fun for our students and their families. Our Digital Technologies Professional Learning Team used this as an opportunity to showcase the inquiry programs we are running at school. Thank you to all the families that attended the evening and to our teachers for sharing their programs with the community.

Looking ahead, **we will be having a Curriculum Day (student free day) on the 22nd of November**. Staff will be moderating their results for report writing purposes. Their Care will once again be running a full day program for families that need to access this service.

Best regards,
Clem Langford
Principal

RECYCLING - SUSTAINABILTY

At Carrum Primary School we are proud of being a sustainable school and being able to recycle items to keep them out of landfill. We also enjoy helping the wider community collect recycled items for organisations to use to benefit others.

Thank you to everyone who has supported our bottle top collection for Envision so far. We made our first drop off last week and will continue to collect bottle top lids this term, so please keep bringing in your clean bottle tops.

This term we will also be collecting bread tags for 'Breadtags for wheelchairs' and oral care products for TerraCycle.

The Breadtag for wheelchairs project collects breadtags which are sold to recycling companies and the proceeds are used to purchase wheelchairs for people who need them. 200 kgs tags = 1 wheelchair. Check out their facebook page www.facebook.com/breadtagsforwheelchairs/ for more information.

TerraCycle have partnered with Colgate to create a free recycling program for oral care product packaging. The program accepts waste: TOOTHBRUSH TUBES and caps, toothbrushes, toothpaste cartons, toothbrush outer packaging, and floss containers. Please note electric toothbrushes or battery toothbrushes are not recyclable through the program. Please ensure all excess product has been removed (i.e. leftover toothpaste or floss). Once collected, the tubes and brushes are separated by composition, shredded and melted into hard plastic that can be remoulded to make new recycled products. More information can be found at www.facebook.com/terracycleaustralia/

These items can be brought to school and dropped off in the designated 3/4 area (outside Miss Holford's classroom)

Thank you for your support.

EVERYONE WELCOME!

This group is for anyone who would like to get moving and meet other parents/carers/friends from Carrum Primary School.

We walk for around 30-45 minutes and leave directly from the school every Wednesday morning. We meet outside the school office opposite the PREP area at 9:10am.

If you would like to bring a pram or a dog on a leash that is also ok. This is a fun way to do exercise and meet other people from Carrum Primary.

We have set up a Facebook group to communicate with each other. Click the link below to add yourself to the group. Or speak to Monique on 0415 800 788
