External Providers Policy

Rationale:

Carrum Primary School will provide a positive environment in which all teachers assume responsibility for student welfare, endeavour to provide successful experiences for all students, where students feel safe and secure in a supportive environment and where a sense of belonging and wellbeing is strengthened. Carrum Primary School accepts duty of care to students, accessing an external provider. The school will ensure regulations relating to VIT registration, appropriate qualifications and supervision will be observed. Where the school deems a learning environment to be in accordance with the learning, social and emotional development of the student, and where staff members do not have VIT registration, the school will provide appropriate supervision of our students.

Aims:

- To create and maintain a learning environment that facilitates development of the whole person and to promote a healthy, supportive and secure environment for all students at Carrum Primary School.
- To enable students to further their learning by complementing classroom lessons with experts and resources from outside the immediate school community by offering special programs.
- For all students to have the right to feel and be safe in the framework of programs offered by Carrum Primary School and in those offered by external providers.

Implementation:

The school may access outside services to provide support for students and staff, which may include;

- Counsellors
- Mentors
- Psychologists
- Social workers
- Teachers
- Tutors

Co-ordination of the external providers will rest with the Principal who will ensure that:

- All external providers meet all regulatory requirements
- Students will attend programs offered by external providers only with the express prior written consent of their parents
- Students who do not attend an activity provided by an external provider during school hours will be provided with suitable alternative activities
- Professional indemnity, public liability, building and contents and any other necessary insurance to cover the needs of programs offered by external providers is met by the provider if offered off site.
- Supervision cannot be delegated to an external provider.

DEECD Guidelines for Working with External Providers

The following guidelines and checklists are to be considered by all staff when utilising external providers.

External providers assist with drug education and intervention, including the provision of parent information, learning and development opportunities for staff, classroom support for teachers, and referral of and counselling for students. The following checklists and guidelines are provided to help schools get maximum benefit from the input of external providers.

Support agencies approved/accepted by the School must:

- Be qualified or trained
- Evaluate their programs or presentations
- Be cost effective
- Enhance the role of the teacher not replace it
- Be consistent with School Drug Education policy
- Align with current practice, principles and research
- Consider socioeconomic, cultural and/or religious issues

Teacher checklist:

- Planning session with the presenter been conducted?
- Can people within the school provide a similar service?
- Do you have the support of the Principal, the staff and the relevant committees?
- Have parents been consulted?
- Does the support agency teach drug education in the context of the Health and Physical Education curriculum?
- Have the age and development level of the students, the content and the resources been considered?
- Will feedback be given to the presenter?
- Has the support agency been given a copy of the school's drug education statement and the classroom program?

It is a requirement for a teacher to be present with students at all times.

Qualified or Trained External Providers:

- Have formal qualifications or relevant experience
- Are recognised by other professional groups in drug education
- Are successfully engaged in health/drug education programs in other schools
- Provide a range of sport options
- Use performance indicators to evaluate the effectiveness of their programs
- Have a good knowledge of appropriate resources
- Are adept in working with/thorough relevant School committee

External Providers who have an understanding of current practice, approaches and research:

- Avoid using drug related testimonials
- Avoid using scare tactics
- Avoid using an "information only" approach
- Understand what constitutes an effective drug education program
- Link learning with educational outcomes as outlined in the school program

- Provide ongoing support rather than the one-off session
- Engage in planning with the teacher
- Enhance the central role of the teacher
- Have knowledge of the years 1-10 Health and Physical Education and other curriculum area related to drug education
- Include a component on personal skill development

External Providers are to consider socioeconomic, cultural and religious issues:

- Become familiar with aspects of the school highlighted in the situational analysis
- Use information about student cultural experience to create an atmosphere respectful of cultural diversity
- Ask questions about the impact of religious beliefs on the implementation of drug education programs
- Use strategies proven to be effective in dealing with drug related issues pertinent to students from a variety of socioeconomic backgrounds
- Have well established and acceptable positions on particular issues which are with the values promoted by the school
